Ok, see you Thursday. Nothing groundbreaking from the meeting with Paul this AM. Everyone should have been paid twice last week. Allotments may not have been collected. Leave not yet restored.

Lots of personnel actions backing up. I mentioned to Paul and Stacie we want to move forward with the SAM/RPM (vice Chris V).

Call or email if you need anything

Steve

Subject: FW: Divisions 2019 Short-Term Priorities List

Here are all Division short term (post shutdown) priorities. **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

The 3 site assessment issues (Blades, **Nonresponsive based on revised scope**) did go forward. I had to edit and add a date so I did that...

Nonresponsive based on revised scope

Blades Groundwater, DE The shutdown has delayed review and validation of GW data for the Blades Site Investigation. The Blades Site was not a priority for the laboratory and therefore is part of the ongoing backlog. EPA has incurred additional \$12K costs for waste disposal originally scheduled for January 2nd, because the contractor could not perform the work and the tanks froze during the shutdown. Blades is planned for NPL proposal for Fall 2019	Request priority for data validation; complete contracting actions to dispose of waste.	Potential to delay proposal of the site for inclusion on the National Priority List.	2/15/2019
---	---	--	-----------

Please let me know if you want to discuss.

Thanks
